

Performance, Simplicity, Dependability, Affordability

Simply Incomparable!

VOOM HardCopy™ 3

**VOOM HardCopy™ 3
1:2 Forensic Duplicator**

| | |
|-----------------------------|--|
| Price Includes | HC3 with 2 <i>destination ports</i> , cables, power supply, SATA to IDE Adapter, Instruction Manual |
| Design Achievements | <ul style="list-style-type: none"> - Fastest, Most Secure Forensic Duplication <ul style="list-style-type: none"> • Cost efficiently doubles effective data transfer speed - <i>Protect Evidence Drive From Inadvertent User Operations</i> - Uncomplicated, Intuitive Ease of Use - Most Compact Design |
| Speed* | Overall Duplication – Clone or Image <ul style="list-style-type: none"> • Combined dual output (no hash) 14.2 GB/m • Combined dual output (hashing) 11.4 GB/m • Single output (no hash) 7.1 GB/m • Single output (hashing) 5.7 GB/m Wipe: 7.1 GB/m |
| Out of Box Set-Up | Simply enter date & time; so intuitive no training necessary |
| Ease of Use | Sophisticated operations with simple 3-button interface – master in minutes |
| Duplicator Functions | Image – Disk to File (to <i>single</i> or multiple files) Clone – Disk to Disk Wipe (to DoD Specs-NIST Tested) Post-Clone Wipe (to DoD specs) Format Drives (FAT32 and NTFS) Hash Drives (MD5/SHA256) HPA & DCO Detect & Unlock (<i>protected</i>) HC3 Quick Set-Up |
| Post-Clone Wipe | Wipes remaining drive space after cloning to ensure forensic integrity when recycling drives |
| HPA/DCO Handling | <i>Ensures forensic integrity</i> by protecting the HPA & DCO on evidence drive from alteration |
| User Interface (UI) | LCD w/ backlight – concise instructions/status |
| Connectors | 1 SATA input; 2 SATA output (SATA to IDE adapter provided) 1 USB |
| Image Annotation | Case notes and annotations via Soft Key or Keyboard (not included) |
| Firmware Upgrades | Free web downloads for life of product |
| Warranty | <i>Standard 2 year</i> |
| Company Information | 10 years as Industry Leader and Innovator 5 patents Products known and trusted worldwide by justice agencies, law enforcement & private sector. |

*Speed Performance Examples:

Duplication with SHA Engaged: Source – WD Velociraptor 300GB/Destination – Seagate 1.5TB: TIME: 00:58:16

Duplication with SHA Engaged: Source – Seagate 80GB/Destination – Seagate 1.5TB: TIME: 00:21:45
