

Performance, Simplicity, Dependability, Affordability
Enhance Your Expertise
NOT JUST COMPUTER FORENSICS . . .
POWER FORENSICS

The professionals at Voom design, engineer and manufacture patented, state-of-the-art products that are superior in efficiency and sophistication. Voom focuses on what is important to you. We bring you powerful technology that is swift, dependable, and simple to operate.

VOOM's HardCopy 3 – Dual Output & Hash Reverify!

VoomTech Accelerates the Pace of Industry Evolution . . .

- SATA native ports – 1 source/2 output. Easily accommodates laptops & IDE.
- Duplicate or wipe 2 drives simultaneously – no slowdown. Up to 7.1 GB/min.
- Preloaded with MD5 and SHA256 verification.
- Hash Calculation: On transfer from source & reverify on destinations (dual-pass).
- Automatically handles DCO's & HPA's.
- Wipe to DoD Specs (DoD 5220.22-M).

**1:2 Portable HDD
Duplicator**

VOOM's Shadow 2 – With Built-In Write Blocker!

VoomTech Out-Performs Virtual Viewing. . .

**Investigation/
Presentation
Device**

- Operate/investigate suspect computer at crime scene in minutes, *prior to imaging*.
- Re-investigate/analyze computer using “zero” function in seconds, *without reimaging*.
- View evidence in its native environment, just as the suspect would see it.
- Works with any operating system or software applications; upload your forensic software.
- Present evidence to suspect/gain guilty plea before suspect gets ‘lawyered up.’
- Present comprehensible evidence to lay persons in the courtroom, live.
- *Simply connect and boot this portable device; redirects all writes to its own internal HDD!*

VOOM's DriveWiper – 2 DOD & 2 Navy Algorithms!

- Wipe data from 1 drive (up to 5.5 GB/min.) or 2 (up to 8 GB/min.).
- Automatically unlocks & wipes HPA's and DCO's.
- Sanitizes hard drives to government specifications.

**Portable
HDD Sanitizer**
